1. Nobel Prize criteria: Nobel Prizes in the three natural sciences, chemistry, physics, physiology/medicine. Uup-dated: 2019.

2. Compiled by www.americancreedacademy.com, P.O. Box 52, Nashville, AR 71852

3. Primary Source: Wikipedia. Wikipedia's listings are frequently controversial. For example, Fields Medal winner Heisuke Hironaka is "claimed by" or listed under three universities, Kyoto, Columbia, and Harvard. Some are at an institution for only a year as a "visiting professor" but listed anyway.
